Dear Permittee:

SUBJECT: PERMIT NO.: 48-00714-S
Project : DISNEY TREE HOUSE REHAB PROJECT
Location: Orange County, S21/T24S/R27E

District staff has reviewed the information submitted December 27, 2007, for replacement of the existing treehouse units resulting in a decrease of fill in the flood plain and no change to the surface water management system.

Based on that information, District staff has determined that the proposed activities are in compliance with the original surface water management Permit and appropriate provisions of FAC Rule 40E-4.331(2)(b). Therefore, these changes have been recorded in our files.

Please understand that your permit remains subject to the Standard Limiting Conditions and all other Special Conditions not modified and as originally issued.

Should you have any questions concerning this matter, please contact this office.

Sincerely,

A handwritten signature in black ink, appearing to read "Edward W. Yaun", is written over the typed name.
